## FALL FRIENDSHIP RETREAT

**O**ur founder said Aikido is not an art to fight with enemies and defeat them. It is a way to lead all human beings to live in harmony with each other as though everyone were one family.

We will be training for decades to come. Aikido is a really big community. Come meet your extended family, train hard, laugh, and have a good time. Go home knowing you have forged new connections to the greater community as a whole.

**September 24-26, 2010**
